

Introducing the **AWARENESS 100™**

VISIBLE

Available in high-visibility Yellow, Green or Orange colors, plus a reflective strip for increased visibility. The 3-dimensional triangular shape allows for pipe or wall mount installation options.

UNIVERSAL

Universally recognized shower and eyewash icons mitigate language barriers.

DESIGN

Smaller design fits most new and existing shower configurations. Made of durable corrosion-resistant ABS plastic for Indoor/Outdoor applications and easy installation using snap-on plastic rivets.

Drawing inspiration from the original AWARENESS®, the AWARENESS 100™ brings increased visibility, better readability and easier installation to ultimately provide the best shower AWARENESS on the market!
